

## THE PROJECT

Mission International together with the local church in Haiti has ambitious plans to build a new multipurpose facility for the people of Ouanaminthe. The building will be a school, community centre and serve as the church sanctuary as well. Our hope is that the primary school will provide education for up to 200 children.

# MISSION INTERNATIONAL

Mission International is working with the local church in Ouanaminthe, Haiti to bring the love of Jesus and improve the lives of the people there. Please join us in prayer for Haiti, in being ambassadors for the poor and in bringing light into the darkness.

## HAITI - THE COUNTRY

Haiti is the poorest country in the western hemisphere. It has had a long and difficult political history. On 12 January 2010 a massive earthquake struck just outside the capital. It lasted only a few minutes but left 200,000 people dead and more than a million people homeless. Many Haitians live on only \$1 a day and only 48% of the population can read and write. The people of Haiti will need our help and our prayers for many years to come.

## HAITI PROJECT

## THE CHILDREN

The children of Haiti have some of the best smiles anywhere in the world. Despite their situation and the difficulties they face, they bring joy to everyone they meet. The children of Haiti are also the future and together with the church in Ouanaminthe, Mission International wants to help provide them with the educational opportunities that we so often take for granted in this country. So that the next generation of Haitians can break the cycle of poverty and change their own country for the better.
