

## **Mission International -Urgent request**

Our MI Partner in the Democratic Republic of Congo has sent an urgent request for support of a family of seven children aged between 3 and 14 years of age who are struggling due to the death of their father (Bihama) who was the only breadwinner. The family who remain are his wife Pendeza and his children :-

The family live in Rutshuru which is a town located in the North Kivu province of eastern Democratic Republic of the Congo, and is headquarters of an administrative district, the Rutshuru Territory. The town lies in the western branch of the Albertine Rift between Lakes Edward and Kivu .

If you would like to consider sponsoring the family or a child individually , to sponsor a child it costs £20/month (you can find a mandate form here: <http://mission-international.org/.../Bank-Mandate-Form...>) or if you can contribute something to help them then you can give on-line here: <https://account.stewardship.org.uk/.../DRCongoProjects>. Your help in preserving a good future for these children is appreciated.
